Sir:

Pursuant to 37 C.F.R. §1.97, the art identified on the attached form PTO-1449 and other matters discussed below may be helpful to the Patent Office in its examination of the application identified above.

A copy of each of the listed documents is enclosed herewith for the Examiner's consideration.

---

The order of listing of the art on the attached Form PTO-1449 should not be construed as an indication of the importance of the listed art.

The Patent and Trademark Office Examiner is requested to review the art and determine the extent of the materiality of the

disclosures thereof with respect to the patentability of the subject invention. It is expected that the Patent and Trademark Office Examiner will independently conduct a complete search for relevant prior art.

No inference should be drawn and no representation is made or intended: (a) that a search has been made, or if made, was complete; (b) that the art on the attached list presents a comprehensive investigation of the prior art; or (c) that no more pertinent art than that listed is in existence. [See 37 C.F.R. §1.97(g).]

No inference should be drawn that the discussion of any art herein is a discussion of each and every feature disclosed therein.

Serial No. 09/196,301 - - - - 3

Also, there is reserved the right to later set forth how the instant invention is distinguished over the disclosures of any document or other art, including the disclosures of the art cited herein, that may be cited by the Examiner in rejecting a claim in the instant patent application.
